Team,

I just wanted a follow-up email so that everyone is on the same page and what was agreed upon.

1. We will all sit down after the first year of the contract and after all of the direct costs are entered and finalized for both parties over all task orders, we come to a fair and equitable profit for all parties.
2. At this meeting we will evaluate future years on how to again come to a fair and equitable agreement for both parties moving forward if that is splitting profits or if we go back to a fixed rate.
3. Chris Robertson has asked that they have full reign on this project and we agreed to that. There are still responsibilities from Chris Hicks that we need i.e viewing proposals before they go out, signing contracts, signing sub-contracts, making sure on KOMANs side to review schedules, budgets, etc. Chris Hicks will still provide oversight and need to know what is going on in all aspects of each task order. Not for Micro management purposes but for Legal and Contractual obligations on the 8A side. Please keep Chris Hicks informed.

Please respond with a concurrence or with any comments.

Thanks in advance for everyone coming together and lets go make some money.

Jay,

We understand, just keep in mind until we get the budget resolved we can not send in any more task orders for the mini-JOC. So we need to get a call set up as soon as we can.

Thanks

Robbie,
Brian is off this week, he may be able to call in at some point but I don't know when. If he calls me, I will relay the request.
Thanks.
Jay

Team,

Can we set up a call for the four of us to discuss the mini-JOC budgets and percentages moving forward for tomorrow morning? Let me know what time works best and I can set up a call in number.

Thanks in advance,
